Notes for taking pictures in the Park

For **private photos** (without a tripod) in the Sculpture Park Cologne you do not need a license. Private images may not be published without permission in print or digital media. The commercial (not private) use of any photos or photographs is not permitted without the written permission of the Stiftung Skulpturenpark Köln.

We would like to ask you to obtain a photo or filming permit from Stiftung Skulpturenpark Köln at info@skulpturenparkkoeln.de in advance. User agreements and user fees are then made individually.

Many Thanks.

For safety and liability reasons, drones are excluded from the Skulpturenpark Köln.
